

# Weekly Art Activity

If you are feeling creative have a go at these art and DT activities. There will be a new one each week. You might find some easier than others or you might not fancy doing them every week – that's Ok!

If you haven't got what you need to complete the task, don't panic – see if you can substitute equipment or materials for things you do have.

Let me know how you get on – email pictures to [jcooper8nr5@nsix.org.uk](mailto:jcooper8nr5@nsix.org.uk)

## DIY RAINSTICKS

You will need:

- A card board tube – this could be toilet rolls attached together to make a longer tube, a kitchen roll tube, a roll from wrapping paper etc.
  - Coloured paper, pens, paint, stickers – anything to decorate the outside of the tube
  - Glue/tape
- 1) Decorate your tube using paper, pens or paint
  - 2) Seal one end using tape or cut a circle and fix to close one end
  - 3) Loosely curl some foil and put inside the tube
  - 4) Add some rice or bird seed
  - 5) Seal the other end
  - 6) Turn it from side to side for the sound of falling rain. Have fun!
