

THE FASHION SHOW

2020

Hi Year 6!

We hope you're all keeping well.

In an ideal world, we would all be together right now, preparing for our Fashion Show and sharing all of our wonderful ideas! Even though that is not quite possible, we still wanted to be able to give you the opportunity to plan your outfits and think about your catwalks.

Have a go at completing this booklet and plan your outfits. You might even want to get creative at home and actually make yours!

We would love to see some of your plans and creations so please email these over so that we can see.

Stay safe!

Music choice:

Theme:

Come up with your initial ideas. Use a mind map to help you get lots of ideas out onto the page. Think about colours, themes, shapes, textures etc that you might like to try and use. Discuss with your group—remember you have to agree on your final decisions.

Use this page to test out colours that you think might work for your outfits. What colours look good together? What colours will you be able to find in plastic? Do you want to use prints or patterned plastic? What do you need to start looking out for?

What will your group's theme be? Come up with lots of ideas which you can then whittle down to a final one. Make sure to include everyone's ideas in your group. It could be as simple as a colour or as elaborate as Super Heroes! It's up to you. You could use films, books, hobbies, food, cartoons, music or even school as your inspiration.

Design

Design

Use this page to write down ideas about your catwalk.

What would you do on the catwalk?

How would you engage with the audience?

You might want to think about what you have seen other people do in previous years!
