

Working from Home

Year 3 and 4

<u>Topic</u>	<u>Activity Ideas</u>
English	Write a biography about a person of your choice
	Write an autobiography
	Write a book, TV or film review
Maths	Create a time diary, both in the 12 hour and 24 hour clock, about the activities you carry out in a day.
	Create a poster that explains all about time and how to read an analogue and digital clock.
	How many different shapes can you identify in your house? Create a list with names and features of the shapes.
Science	Try googling some fun experiments that you could try at home. How about making a volcano with soap, water, vinegar and baking soda?!
	Design and make a parachute so your favourite toy can land safely on the ground.
	Conduct an experiment to see which material will be the best at preventing an ice cube from melting.
Geography	Research a rainforest setting and create a fact file about the animals, climate and geographical features.
	Watch Planet Earth, episode 8 'Jungles' and/or Planet Earth II, episode 3 'Jungles'. Draw and describe your favourite animal from the episodes and write why it is your favourite.
Art/DT	Design and build your own Moving Monster using materials at home.
	Journeys: create a journey in the style of aboriginal art using symbols of your own. Create a key to show what your symbols mean.
Music	Listen to a genre of music you are not familiar with and write a review of what you have listened to.
	Write your own rap/song about preventing bullying.
	See Charanga online invite
RE	Research a Hindu God - what did they look like? Where did they come from? What stories are they linked to? Why are they worshipped?
PE	Create your own dance routine, record yourself dancing to your favourite song.
